

Oncology Clinical Research Nurse - Liverpool

We currently have an exciting opportunity for an experienced oncology clinical research nurse to join our expanding team.

The position is based at the Rutherford Cancer Centre North West, in Liverpool.

Salary: £35,000.00-£45,000.00 per annum.

Full-time (37.5 hours per week).

Panthera are working together with the Rutherford Cancer Centres, to provide an all-encompassing cancer clinical research service for patients, with an exceptional level of individual patient care.

Summary of role

The post holder will be expected to have specialist skills and knowledge relating to the conduct of clinical trials, cancer therapies and the management of cancer patients.

They will provide excellent professional and clinical leadership in oncology research promoting the effective delivery of a high standard of nursing care for all trial patients and contributing to the development of our oncology portfolio.

The post holder will be embedded in the wider oncology team and develop excellent working relationships within and outside the centre.

In-centre relationships would be with the Rutherford SACT nurse team, Principal Investigators, Responsible Medical Officer, administrative staff, radiology and other clinical staff who are able to provide support services for our studies (e.g. tissue biopsies).

External relationships would include referring oncologists, vendors such as pharmacy and providers of clinical services (e.g. ophthalmology, bone scans).

Key Panthera relationships will be with the General Manager Oncology, Operations Director, Feasibility and Proposals Manager, Principal Investigators, Chief Medical Officer, Research Nurses, Clinical Trial Support Officers.

Responsibilities include:

- o Engagement with and development of network of oncologists referring patients to Panthera@the Rutherford;
- o Contribution to feasibility assessments and study set up procedures;

- o Handling referrals, entering patient information into our Clinical Trial Management System, booking pre-screening visits, screening and other study visits;
- o Co-ordination of care for patients on trials, ensuring clinical procedures and investigations are carried out according to study protocols;
- o Collection of, preparation, storage and shipping of biological samples;
- o Working closely with Rutherford SACT team to ensure safe delivery of study and standard care treatments according to protocol;
- o Data collection and entry, query resolution, site file maintenance, organisation of laboratory area and supplies;
- o Sponsor liaison re: pre-study site visits, site initiation, monitoring and close-out activities;
- o Working with Principal Investigator to provide guidelines for SACT team around safety reporting and escalation of issues reported out of hours;
- o Attendance at clinical meetings to provide research updates and maintain prominent profile of research activity;
- o Collect patient feedback to promote service development;
- o Reporting to Panthera colleagues on study recruitment and retention;

Personal Attributes

The post-holder should have excellent interpersonal skills, friendly and approachable, naturally empathetic and understanding. An energetic person with a pro-active drive and enthusiasm for the role, to ensure that high quality support and patient care is provided.

Key Responsibilities

Communication and Relationships

- o Building key relationships with stakeholders, colleagues, clients, study monitors, and patients
- o Effective communication with the Panthera@theRutherford site team, including management of emails, phone calls etc
- o Supporting the team in the set up and management of clinical trials

Information & Data Quality/Collection

- o Ensuring accuracy of data collection
- o Ensuring accuracy and high quality of data input in to Panthera and trial sponsor systems
- o Ensuring patient notes are always complete and up to date

- o Take personal responsibility for safeguarding and ensuring the quality of information for patients, clients and vendors
- o Responding promptly to requests for information to support the Panthera team as required
- o Contributing to communication materials including activity reports, presentations, Panthera promotional materials, such as posters and company newsletters.

Quality Management Systems and Processes

- o The post-holder must consider and comply with all Panthera policies, procedures and initiatives including, but not limited to, quality standards, compliance and auditing requirements, confidentiality and information security.
- o Reporting quality issues in accordance with Panthera SOP's.
- o Adhering to policies and standard operating procedures, required by the Sponsor in the conduct of clinical trials.

The post holder will always operate with integrity and professionalism, complying with regulatory requirements in accordance with the following;

- o ICH-Good Clinical Practice
- o Health and Safety regulations
- o All Panthera policies and procedures in particular reporting of quality issues
- o Data Protection Act 2018/ GDPR 2018
- o Ant-bribery and Corruption Act 2010
- o Health & safety at work Act 1974
- o Professional codes of conduct

Training

- o Attend all mandatory training applicable to this post within the required timescales.
- o Seek opportunities to develop own skills.
- o Adapt to any changes in the requirements of new clinical trials, or amendments to the protocol on trials that are ongoing which may impact on clinic diaries.
- o Attend any Sponsor or company training events as applicable.

Personal Development

- o Actively participating in the annual Personal Development Review (PDR) process.

- o Able to work on own initiative without supervision, managing own workload and working independently as well as part of the Panthera team.
- o Contribute to positive working behaviours and attitude.
- o Commitment and passion to the development and delivery of clinical research.
- o Take responsibility for ensuring targets and deadlines are met and an exemplar service is provided.

Promoting Equality and Reducing Inequalities

- o To understand and uphold organisational policies and principles on the everyday promotion of equality, diversity and inclusion.
- o To create an inclusive working environment in which a variety of ideas, experiences and practice are valued, and where differences are respected and celebrated for the benefit of ourselves, Panthera and the communities we serve.

The range of duties and responsibilities outlined above are indicative only and are intended to give a broad flavour of the range and type of duties that will be allocated. They are subject to modification in the light of changing service demands and the development requirements of the post holder.
